## **College Success (MCCA 001)**

Essential skills of a successful college student which will include study skills, time management, decision making strategies, financial literacy, career pathways exploration and building the writing skills necessary for academic readiness. This class fulfills the FIGS requirement.

## **College Prep Math (MCCA 004)**

This online course will review mathematical concepts and skills essential for college readiness as measured by the Accuplacer post-secondary placement exam. At the end of the course students will take the Quantitative Reasoning, Algebra and Statistics Accuplacer exam.

## **College Prep Reading & Writing (MCCA 007)**

This online course will focus on getting students reading and writing abilities to the collegiate level as measured by the Accuplacer post-secondary placement exam. Live classes will be held virtually via Zoom. Students will also complete assignments out of Zoom such as watching supplemental video, reading texts, completing written assignments and taking practice tests
